---

**Offset Wheel Function**
To offset the door in order to reduce scraping or clashing with another door panel simply remove only the roller from the unit, rotate it 180 degrees, then replace it back into the unit. This will offset the panel or door 1mm.

**Note.** If the offset is incorrectly placed remove the entire unit, rotate it 180 degrees and then replace the entire unit.
Whitco protects millions of Australian homes and offers the largest range of security and hardware products for residential doors and windows in Australia. With our proud heritage, and by offering a wide variety of locks at affordable prices, Whitco has become one of Australia’s most trusted brands.

The Whitco brand is an integral part of ASSA ABLOY Australia Pty Limited, the market leader in the lock and security products industry in Australia.

ASSA ABLOY is the global leader in door opening solutions, dedicated to satisfying end-user needs for security, safety and convenience.

ASSA ABLOY is represented in all major regions, in both mature and emerging markets, with leading positions in Australia, Europe and North America.

As the world’s leading lock group, ASSA ABLOY offers a more complete product range of door opening solutions than any other company in the market.
